Case No. CR06-198L

ORDER ON MOTION  
FOR SEVERANCE AND LEAVE TO  
RENEW AND SUPPLEMENT

This matter comes before the Court on “Defendant Pedro Cuellar-Garcia’s Motion for Trial Severance & for Leave to Renew & Supplement” (Dkt. # 164). At this stage of the action, the facts are insufficient to support a severance. However, as defense counsel notes, “there has been insufficient time to fully investigate the case.” Motion at 3. The Court has entered a continuance of the trial in order to give the parties more time. Because the facts have not been fully developed, the Court will allow defendant to renew the motion later. For these reasons, defendant’s motion is DENIED without prejudice with leave to renew and supplement.

DATED this 31st day of July, 2006.
